Wearables, Smartwatch Phone, SOS Safety Device, Elderly Care

Product Overview

The Look Watch is an Internet of Things (IoT) enabled standalone smartwatch phone. Developed by Laipac Technology Inc., a Canadian company that is an established leader in GPS technology since 1999. Laipac's mPERS (mobile Personal Emergency Response Service) technology is used to protect field workers, professionals, families and business executives in over 100 countries. Look Watch connects to LocationNow.com thru Guardian Angel Connect apps; where at any given time, the user can freely enable or disable the safety feature to monitor their location, heart rate, steps traveled, showing the exact route taken, fall detection, geofencing and have a dedicated SOS button for emergency call.

Five Reasons to Consider the Look Watch
